

Hybrid BMR Pearl Millet

Product Profile

- Brown midrib Hybrid Pearl Millet
- Multi-purpose forage
- Exceptional palatability
- Good regrowth and recovery
- High tillering compacity

The BMR concept in Pearl Millet is the same as you expect with Sorghum*Sudangrass BMR hybrids offering greater digestibility and palatability of the forage compared to conventional hybrids, yielding greater returns such as weight gain and/or milk per ton. PM 508/13 is a BMR Pearl Millet hybrid that offers great flexibility to producers. This hybrid has a high level of palatability, which makes it an excellent choice for grazing and or hay.
